The original version of this article contained a typographical error in the GenBank accession numbers for the sequence data used in the study. The correct GenBank accession numbers ‘MW558891-MW558902’ were incorrectly given as ‘MW58891-58902’ at ‘Laboratory protocols’ (page 532) and ‘Cyt *b* phylogenetic tree and haplotype network’ (page 532).
